**ORDER:-**

In the reference 3<sup>rd</sup> read above, the Vice Chairman & Managing Director, A.P. State Irrigation Development Corporation Limited, Hyderabad, while submitting the estimate for Up-gradation of Nayanipalli L.I.Scheme, has stated that the Government have accorded Administrative approval for construction and commissioning of Nayanipalli L.I.Scheme with an estimated cost of Rs.455.54 lakh to create irrigation potential to an extent of 2000 acres. The scheme was executed under RIDF-IX programme. The total ayacut lands are sandy soils and require lining of flow to water without seepage losses. However, the lining of canals was restricted to the extent of funds available. The scheme was commissioned during March 2007. Further, the scheme ayacut was inspected by the APSIDC officers and observed that the tail end ayacut of branch channel no.1 to branch canal no.5 are not developed. The open canals excavated without lining have been collapsed due to sandy soils. Unless the canals are lined, the tail end ayacut cannot be developed. At the time of execution of canals, only 50% of the length was lined due to lack of funds. While submitting the detailed estimate the VC&MD, APSIDC Limited, has requested the Govt., to accord administrative approval for Up-gradation (UGL) of Nayanipalli L.I.Scheme in Chirala Assembly Constituency of Prakasam District, for an amount of Rs.265.00 lakh, to stabilize an ayacut of 2000 acres, under irrigation under State Plan funds allotted to APSIDC for the year 2013-14 under Head of account “4702-MH101 Surface Water GH-11 Normal State Plan-SH(17) Need based schemes to LIS 530 Major works 531 other expenditure”.
